Discussion Paper - members to have read and reply regarding extra registry. Views from members to be taken into account but the board needs to put together their own framework as a starting point for the instigation of an extra registry. Having this in place will lead to members being able to critique enable proper formalisation of document. Amelia offered to take the idea to The Breeders Group for their suggestions regarding guidelines for the registry. All concepts need to be looked at with a view of refining and seeing if an area can be incorporated into the AAA registration program.

Ron: To draft a concept plan and forward it to Amelia so she can discuss with the Breeders Group and present their recommendations back to the Board.
