### New Rules on Registering a QH as an outcross with the AAA (please refer to rule 3.15 for full outcross rules)

- Quarter horses shown as imported residing outside of Australia unless DNA information is held by the AAA Ltd, through the AAA Ltd approved laboratory, cannot be accepted as an outcross
- Quarter horses shown as imported, residing in Australia require DNA information to be held by AAA Ltd, through the AAA Ltd approved laboratory for outcross acceptance.
- Quarter Horses that are shown as registered within the AQHA stud book are accepted as an outcross with any offspring registered within the AAA Stud Book requiring permission from the AQHA to use DNA held by them in the parent verification process for AAA registration.
- Quarter Horses that are shown as registered in the AQHA stud book are eligible to apply for the AAA to hold that horses DNA on their files for parent verification of all future offspring.

As from 1st August 2014, any quarter horse registered with the AQHA must be registered as an approved QH outcross with the AAA Ltd. As from 1st August 2015 progeny bred from an outcross that is not registered will not be eligible for registration.

If your outcross has been used in Appaloosa Breeding prior to 1st August 2014, all you will need to do is complete the form and return it to the AAA Ltd Office. Should it be proven that the outcross does not meet the requirements in Rule 3.13, approval may be denied or revoked in accordance with these rules.

Any outcross that has not been used in Appaloosa Breeding prior to 1st August 2014, you must supply a 5 Generation Pedigree, Genetic Test Results for HYPP, HERDA & OLWS showing the applicant horse to be negative. A Genetic Test for the Grey Gene and Roan Gene may also be required and must show the applicant horse to be negative. A copy of the applicant horses' breed registration papers must also accompany this application.

When using an outcross, it is your responsibility to ensure that the horse has met the Rules of AAA Ltd Registration. A list of all Outcross Registered Stallions will be placed on our Website. Geldings are not eligible for Outcross Registration. Failure to submit all necessary paperwork will result in denial of application.
